

HARDWARE BAGS

Hardware Bags Are Ideal For:
Hardware & Industrial Applications
Nuts · Bolts · Screws · Tools
Machine Parts · Hardware Stores
Grocery Stores · Paint Stores

If your customers
use Hardware Bags,
they may also need...

Shipping Bags

If your industrial customers need a bag that works as hard as they do, Big Valley Packaging Hard-ware Bags are the **solution** they're looking for.

Made with top-quality, heavy-duty recycled kraft paper, Hardware Bags are ideal in hardware stores and other industrial applications. Put them to the test, they can handle it!

But being tough doesn't mean they can't look good too. Custom printing with one case minimums provides even the smallest customer a cost-effective **packaging solution** that will help promote their business. From one case to a truckload, we've got you covered.

At Big Valley Packaging we believe **people** make the difference. Our team is dedicated to providing you and your customers with top-quality service, and packaging expertise that's second to none. Call our friendly customer service team today for samples, information, and pricing.
